MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND OUTLOOK

During the three months ended 31st December 2018, the revenue of the Group dropped approximately 46.5% as compared to the same period of last year, which was mainly attributable to the decrease in revenue generated from the (i) listing-related documents segment of approximately HK\$12.3 million from approximately HK\$19.9 million for the three months ended 31st December 2017 to approximately HK\$7.6 million for the three months ended 31st December 2018; (ii) miscellaneous and marketing collaterals segment of approximately HK\$0.4 million from approximately HK\$1.1 million for the three months ended 31st December 2017 to approximately HK\$0.7 million for the three months ended 31st December 2018; and (iii) compliance documents segment of approximately HK\$0.1 million from approximately HK\$3.5 million for the three months ended 31st December 2017 to approximately HK\$3.4 million for the three months ended 31st December 2018; despite an increase in the revenue from periodical reporting documents segment of approximately HK\$0.3 million from approximately HK\$2.5 million for the three months ended 31st December 2017 to approximately HK\$2.8 million for the three months ended 31st December 2018. Such decrease was mainly due to the fierce market competition and the unfavourable economic conditions for the three months ended 31st December 2018.

We shall continue to leverage on the status as one of the listed companies and allocate the net proceeds from the Listing into their pre-designated uses as disclosed and detailed in the Prospectus. Along with the enhanced operation facilities, including the acquisition of hardware and software to upgrade computer and email systems and server configuration and the renovation works completed in our Central Office in Hong Kong, we endeavour to extend our operation capacities, consolidate our customer base and boost our market shares, thereby creating the maximum value for our shareholders at large.

Such decrease was mainly due to the fierce market competition and the unfavourable economic conditions for the three months ended 31st December 2018.

The Group's gross profit decreased by approximately 51.2% from approximately HK\$16.2 million for the three months ended 31st December 2017 to approximately HK\$7.9 million for the three months ended 31st December 2018. The change was mainly attributable to the decrease in the revenue generated for the period.

The Group's selling and distribution expenses decreased from approximately HK\$0.9 million for the three months ended 31st December 2017 to approximately HK\$0.4 million for the three months ended 31st December 2018. The Group's administrative expenses decreased from approximately HK\$7.9 million for the three months ended 31st December 2017 to approximately HK\$7.1 million for the three months ended 31st December 2018. Income tax expense

The Group's income tax expense decreased from approximately HK\$1.6 million for the three months ended 31st December 2017 to approximately HK\$0.1 million for the three months ended 31st December 2018. Profit for the period

The Group recorded a profit after tax of approximately HK\$5.9 million and approximately HK\$0.4 million for the three months ended 31st December 2017 and 2018, respectively. The change was generally in line with the drop of the Group's revenue during the three months ended 31st December 2018.
